

COLLECTION OVERVIEW: FRAME LOUNGE OUTDOOR, 2005

Alberto Meda

For moments of relaxation outdoors, the FRAME LOUNGE collection offers style and practicality with an elegant design aimed at well-being and comfort.

The characteristic extruded aluminium frame, the centrepiece of the family designed by Alberto Meda, is extended in the Armframe armchair to create a sinuous silhouette in the Longframe chaise longue. Together with the practical Feetframe pouf these article are available in the soft version - enhanced by the practical removable cushions - which brings a further improvement in comfort, as well as completing the offer of an iconic collection.
