INDOOR
Michele De Lucchi, 2022

INDOOR is the elegant interior version of the DEHORS exterior range designed by Michele De Lucchi. While preserving the original idea of the collection, INDOOR reveals a very precise identity that shows how the extreme attention dedicated to projects enables Alias to create families of highly innovative products, making them last over time and suitable for new living requirements.

The irregular structure of DEHORS that recalls the complex shapes of nature has been redesigned by architect Michele De Lucchi in a more ordered and rational way: the deconstructed sequence of tubes becomes symmetrical with the central axis of the seat. Simple and poetic, the collection has three different configurations: armchair, two-seater sofa and three-seater sofa, with the same freshness as the original collection.
