The Table Bench

Finn Juhl's Table Bench, designed in 1953, is defined by its light, elegant, and timeless design. Available in numerous variations, as originally intended by Juhl, it comes in three different lengths and can be ordered in teak, oak, walnut, Oregon pine, or black linoleum. The legs are available in burnished steel, black, orange, or light blue. Additionally, the bench can be customized with or without edges in matte polished brass and an optional foldable, padded cushion.
