

# High Tray

Jasper Morrison, 2018

**vitra.**

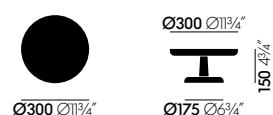

High Tray is Jasper Morrison's further development of an idea that began with Rotary Tray: giving the classic display bowl a contemporary twist. High Tray is a flat plastic dish on a 12 cm high base, in a design and colouring suited to diverse utilisation in a range of settings. It retreats behind the objects it stores and keeps spaces tidy with an added decorative touch.

- **Material:** textured ABS plastic.

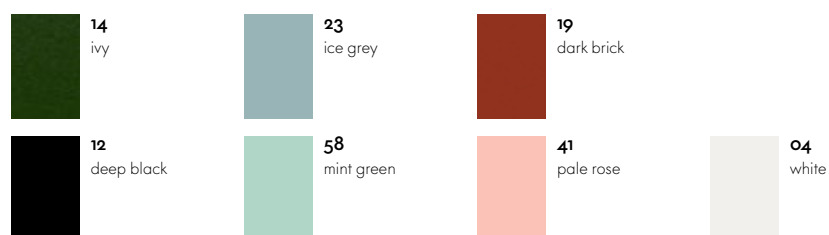

**Outdoor applications:** suitable for use in outdoor conditions on a temporary basis. Avoid prolonged exposure to rain, snow or direct sunlight. Product may be kept in covered outdoor spaces protected from the elements.
