

.04 beam seating

Maarten Van Severen, 2000

vitra.

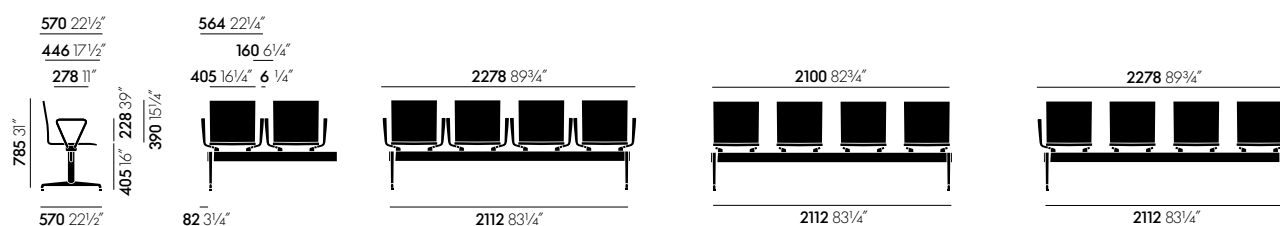

The great comfort of .04 is first revealed upon use. The flexible seat shell made of sturdy integral foam provides optimal support, assisted by the integrated leaf springs in the backrest. Mounted on cross beams, the .04 bench units are ideally suited to serve as modular furniture in waiting areas.

Materials

- **Backrest and seat:** flexible backrest with integrated leaf springs. Polyurethane integral foam seat shell with upholstered effect, self-supporting on a steel frame.
- **Armrests:** with or without armrests in integral foam.
- **Table units:** black solid core material.
- **Base:** T-beam and aluminium legs epoxy-coated. Equipped with plastic glides for carpet or anti-slip glides for hard floors.

DIMENSIONS (in accordance with EN 1335-1:2000)

.04 stretchers
