wood (oak / walnut)		

Finishes notes

The colour of the tray matches the colour of the top or of the structure:

- top in laminate: the tray matches the colour of the top
- top in oak and lacquered structure: the tray matches the colour of the structure
- top in oak and polished structure: if the top is in natural or whitened oak, the tray is lacquered sand (A047); if the top is in dark or ashgrey oak, the tray is lacquered graphite grey (A022).

Notes

On request it is possible to add the electrical connection module and the cable channeling system.

All tops are equipped with 2 cable holes with a lid and a structural cable holder plate positioned under the top.

The feet are adjustable and reclining to provide greater stability for the table. The table has feet with a synthetic felt pad.

<div> <div>FRAMETABLE MEETING</div> <div>Alberto Meda, 2022</div> </div> <div> <p>FRAMETABLE MEETING is the new table collection designed by Alberto Meda that is adapted to the various needs of the contemporary office, increasingly dynamic and multifunctional. The solid load-bearing structure, made of die-cast aluminium elements, a hallmark of the iconic collection, supports new tops in rectangular and oval shapes made of laminated MDF or wood (oak or walnut) veneer plywood. The FRAMETABLE MEETING tops are available with a depth of 140 cm and in two lengths, 240 cm and 295 cm; they are equipped with a cable hole with a lid and a structural cable holder plate positioned under the top. FRAMETABLE MEETING tables are ideal for shared working sessions and an intelligent response to the needs of meeting rooms.</p> </div>
