

Ludwig

Year	2005
Designer	Lodovico Acerbis

Lodovico Acerbis has created an iconic sideboard that perfectly highlights the superiority of the materials and the high-quality finishes that form the very core of Acerbis Design. The surface of the Ludwig sideboard is unadorned with handles or embellishments, instead employing the Dual-Flap® patented system to open the entire front panel with a simple touch while the top simultaneously offers easy access to the anterior areas. The internal space is conceived as a single and easily accessible large compartment organized by two thin chrome-plated metal frames, clear glass shelves, and drawers.
